PRICE IT SO IT PAYS FOR ITSELF

Print-run cost sheet

Zine _____ Issue ___ Pages ___ Size _____ Date _____

	Item	Worked example*	Your zine
A	Printed sides per copy	8	
B	Price per printed side	$0.12	
C	Printing per copy (A × B)	$0.96	
D	Cover stock, if extra	$0.10	
E	Staples, thread or tape	$0.02	
F	Bag or envelope	$0.05	
G	Cost per copy (C + D + E + F)	$1.13	
H	Copies in the edition	50	
I	Fair table fee ÷ copies	$0.40	
J	Total cost per copy (G + I)	$1.53	
K	Shop price (about J × 2, rounded)	$3.00	
L	Fair price	$3.00	
M	Postage per copy, if mailing	check locally	

*The example is a 16-page half-sheet zine: 4 sheets, both sides = 8 printed sides, copied in black and white. The per-side price is illustrative only; copy-shop prices vary widely by city and country, so ask for your local rate and any bulk discount. Shops that sell on consignment usually keep 30–50% of the cover price, which is why the shop price is about double your cost.
